2.   **LICENSE GRANT.** Subject to Your compliance with the terms and conditions of this License Agreement, Symantec grants to You the following rights: (i) a non-exclusive, non-transferable (except as stated otherwise in Section 16.1) license to use the Licensed Software solely in support of Your internal business operations in the quantities and at the Use Levels described in this License Agreement and the applicable License Instrument; and (ii) the right to make a single uninstalled copy of the Licensed Software for archival purposes which You may use and install for disaster-recovery purposes (i.e. where the primary installation of the Licensed Software becomes unavailable for use).

2.1   **TERM.** The term of the Licensed Software license granted under this License Agreement shall be perpetual (subject to Section 14) unless stated otherwise in Section 17 or unless You have obtained the Licensed Software on a non-perpetual basis, such as, under a subscription or term-based license for the period of time indicated on the applicable License Instrument. If You have obtained the Licensed Software on a non-perpetual basis, Your rights to use such Licensed Software shall end on the applicable end date as indicated on the applicable License Instrument and You shall cease use of the Licensed Software as of such applicable end date.

6.   **UPGRADES/CROSS-GRADES.** Symantec reserves the right to require that any upgrades (if any) of the Licensed Software may only be obtained in a quantity equal to the number indicated on the applicable License Instrument. An upgrade to an existing license shall not be deemed to increase the number of licenses which You are authorized to use. Additionally, if You upgrade a Licensed Software license, or purchase a Licensed Software license listed on the applicable License Instrument to cross-grade an existing license (i.e. to increase its functionality, and/or transfer it to a new operating system, hardware tier or licensing meter), then Symantec issues the applicable Licensed Instrument based on the understanding that You agree to cease using the original license. Any such license upgrade or cross-grade is provided under Symantec's policies in effect at the time of order. This License Agreement does not separately license You for additional licenses beyond those which You have purchased, and which have been authorized by Symantec as indicated on the applicable License Instrument.
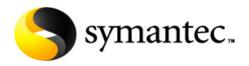

7.   **LIMITED WARRANTY.**

7.1.   **MEDIA WARRANTY.** If Symantec provides the Licensed Software to You on tangible media, Symantec warrants that the magnetic media upon which the Licensed Software is recorded will not be defective under normal use, for a period of ninety (90) days from delivery. Symantec will replace any defective media returned to Symantec within the warranty period at no charge to You. The above warranty is inapplicable in the event the Licensed Software media becomes defective due to unauthorized use of the Licensed Software. **THE FOREGOING IS YOUR SOLE AND EXCLUSIVE REMEDY FOR SYMANTEC'S BREACH OF THIS WARRANTY.**

7.2.   **PERFORMANCE WARRANTY.** Symantec warrants that the Licensed Software, as delivered by Symantec and when used in accordance with the Documentation, will substantially conform to the Documentation for a period of ninety (90) days from delivery. If the Licensed Software does not comply with this warranty and such non-compliance is reported by You to Symantec within the ninety (90) day warranty period, Symantec will do one of the following, selected at Symantec's reasonable discretion: either (i) repair the Licensed Software, (ii) replace the Licensed Software with software of substantially the same functionality, or (iii) terminate this License Agreement and refund the relevant license fees paid for such non-compliant Licensed Software. The above warranty specifically excludes defects resulting from accident, abuse, unauthorized repair, modifications or enhancements, or misapplication. **THE FOREGOING IS YOUR SOLE AND EXCLUSIVE REMEDY FOR SYMANTEC'S BREACH OF THIS WARRANTY.**

8.   **WARRANTY DISCLAIMERS. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE WARRANTIES SET FORTH IN SECTIONS 7.1 AND 7.2 ARE YOUR EXCLUSIVE WARRANTIES AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS. SYMANTEC MAKES NO WARRANTIES OR REPRESENTATIONS THAT THE LICENSED SOFTWARE, CONTENT UPDATES OR UPGRADES WILL MEET YOUR REQUIREMENTS OR THAT OPERATION OR USE OF THE LICENSED SOFTWARE, CONTENT UPDATES, AND UPGRADES WILL BE UNINTERRUPTED OR ERROR-FREE. YOU MAY HAVE OTHER WARRANTY RIGHTS, WHICH MAY VARY FROM STATE TO STATE AND COUNTRY TO COUNTRY.**

9.   **LIMITATION OF LIABILITY. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE, IN NO EVENT WILL SYMANTEC OR ITS LICENSORS, RESELLERS, SUPPLIERS OR AGENTS BE LIABLE TO YOU FOR (i) ANY COSTS OF PROCUREMENT OF SUBSTITUTE OR REPLACEMENT GOODS AND SERVICES, LOSS OF PROFITS, LOSS OF USE, LOSS OF OR CORRUPTION TO DATA, BUSINESS INTERRUPTION, LOSS OF PRODUCTION, LOSS OF REVENUES,**

LOSS OF CONTRACTS, LOSS OF GOODWILL, OR ANTICIPATED SAVINGS OR WASTED MANAGEMENT AND STAFF TIME; OR (ii) ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL OR INDIRECT DAMAGES WHETHER ARISING DIRECTLY OR INDIRECTLY OUT OF THIS LICENSE AGREEMENT, EVEN IF SYMANTEC OR ITS LICENSORS, RESELLERS, SUPPLIERS OR AGENTS HAS BEEN ADVISED SUCH DAMAGES MIGHT OCCUR. IN NO CASE SHALL SYMANTEC'S LIABILITY EXCEED THE FEES YOU PAID FOR THE LICENSED SOFTWARE GIVING RISE TO THE CLAIM. THE DISCLAIMERS AND LIMITATIONS SET FORTH ABOVE WILL APPLY REGARDLESS OF WHETHER OR NOT YOU ACCEPT THE LICENSED SOFTWARE, CONTENT UPDATES OR UPGRADES.

10.   **MAINTENANCE/SUPPORT.** Symantec has no obligation under this License Agreement to provide maintenance/support for the Licensed Software. Any maintenance/support purchased for the Licensed Software is subject to Symantec's then-current maintenance/support policies.

11.   **SOFTWARE EVALUATION.** If the Licensed Software is provided to You for evaluation purposes and You have an evaluation agreement with Symantec for the Licensed Software, Your rights to evaluate the Licensed Software will be pursuant to the terms of such evaluation agreement. If You do not have an evaluation agreement with Symantec for the Licensed Software and if You are provided the Licensed Software for evaluation purposes, the following terms and conditions shall apply. Symantec grants to You a nonexclusive, temporary, royalty-free, non-assignable license to use the Licensed Software solely for internal non-production evaluation. Such evaluation license shall terminate (i) on the end date of the pre-determined evaluation period, if an evaluation period is pre-determined in the Licensed Software or (ii) sixty (60) days from the date of Your initial installation of the Licensed Software, if no such evaluation period is pre-determined in the Licensed Software ("Evaluation Period"). The Licensed Software may not be transferred and is provided "AS IS" without warranty of any kind. You are solely responsible to take appropriate measures to back up Your system and take other measures to prevent any loss of files or data. The Licensed Software may contain an automatic disabling mechanism that prevents its use after a certain period of time. Upon expiration of the Licensed Software Evaluation Period, You will cease use of the Licensed Software and destroy all copies of the Licensed Software. All other terms and conditions of this License Agreement shall otherwise apply to Your evaluation of the Licensed Software as permitted herein.

12.   **U.S. GOVERNMENT RESTRICTED RIGHTS.** The Licensed Software is deemed to be commercial computer software as defined in FAR 12.212 and subject to restricted rights as defined in FAR Section 52.227-19 "Commercial Computer Licensed Software - Restricted Rights" and DFARS 227.7202, "Rights in Commercial Computer Licensed Software or Commercial Computer Licensed Software Documentation", as applicable, and any successor regulations. Any use, modification, reproduction release, performance, display or disclosure of the Licensed Software by the U.S. Government shall be solely in accordance with the terms of this License Agreement.

13.   **EXPORT REGULATION.** You acknowledge that the Licensed Software and related technical data and services (collectively "Controlled Technology") are subject to the import and export laws of the United States, specifically the U.S. Export Administration Regulations (EAR), and the laws of any country where Controlled Technology is imported or re-exported. You agree to comply with all relevant laws and will not to export any Controlled Technology in contravention to U.S. law nor to any prohibited country, entity, or person for which an export license or other governmental approval is required. All Symantec products, including the Controlled Technology are prohibited for export or re-export to Cuba, North Korea, Iran, Syria and Sudan and to any country subject to relevant trade sanctions. You hereby agree that You will not export or sell any Controlled Technology for use in connection with chemical, biological, or nuclear weapons, or missiles, drones or space launch vehicles capable of delivering such weapons.

14.   **TERMINATION.** This License Agreement shall terminate upon Your breach of any term contained herein. Upon termination, You shall immediately stop using and destroy all copies of the Licensed Software.

15.   **SURVIVAL.** The following provisions of this License Agreement survive termination of this License Agreement: Definitions, License Restrictions and any other restrictions on use of intellectual property, Ownership/Title, Warranty Disclaimers, Limitation of Liability, U.S. Government Restricted Rights, Export Regulation, Survival, and General.

16.   **GENERAL.**

16.1.   **ASSIGNMENT.** You may not assign the rights granted hereunder or this License Agreement, in whole or in part and whether by operation of contract, law or otherwise, without Symantec's prior express written consent.

16.2.   **COMPLIANCE WITH APPLICABLE LAW.** You are solely responsible for Your compliance with, and You agree to comply with, all applicable laws, rules, and regulations in connection with Your use of the Licensed Software.

16.3.   **AUDIT.** An auditor, selected by Symantec and reasonably acceptable to You, may, upon reasonable notice and during normal business hours, but not more often than once each year, inspect Your records and deployment in order to confirm that Your use of the Licensed Software complies with this License Agreement and the applicable License Instrument. Symantec

shall bear the costs of any such audit, except where the audit demonstrates that the Manufacturer's Suggested Reseller Price (MSRP) value of Your non-compliant usage exceeds five percent (5%) of the MSRP value of Your compliant deployments. In such case, in addition to purchasing appropriate licenses for any over-deployed Licensed Software, You shall reimburse Symantec for the auditor's reasonable actual fees for such audit.

16.4.   **GOVERNING LAW; SEVERABILITY; WAIVER.** If You are located in North America or Latin America, this License Agreement will be governed by the laws of the State of California, United States of America. If you are located in China, this License Agreement will be governed by the laws of the Peoples Republic of China. Otherwise, this License Agreement will be governed by the laws of England. Such governing laws are exclusive of any provisions of the United Nations Convention on Contracts for Sale of Goods, including any amendments thereto, and without regard to principles of conflicts of law. If any provision of this License Agreement is found partly or wholly illegal or unenforceable, such provision shall be enforced to the maximum extent permissible, and remaining provisions of this License Agreement shall remain in full force and effect. A waiver of any breach or default under this License Agreement shall not constitute a waiver of any other subsequent breach or default.

16.5.   **THIRD PARTY PROGRAMS.** This Licensed Software may contain third party software programs ("Third Party Programs") that are available under open source or free software licenses. This License Agreement does not alter any rights or obligations You may have under those open source or free software licenses. Notwithstanding anything to the contrary contained in such licenses, the disclaimer of warranties and the limitation of liability provisions in this License Agreement shall apply to such Third Party Programs.

16.6.   **CUSTOMER SERVICE.** Should You have any questions concerning this License Agreement, or if You desire to contact Symantec for any reason, please write to: (i) Symantec Enterprise Customer Care, 555 International Way, Springfield, Oregon 97477, U.S.A., (ii) Symantec Enterprise Customer Care Center, PO BOX 5689, Dublin 15, Ireland, or (iii) Symantec Enterprise Customer Care, 1 Julius Ave, North Ryde, NSW 2113, Australia.

16.7.   **ENTIRE AGREEMENT.** This License Agreement and any related License Instrument are the complete and exclusive agreement between You and Symantec relating to the Licensed Software and supersede any previous or contemporaneous oral or written communications, proposals, and representations with respect to its subject matter. This License Agreement prevails over any conflicting or additional terms of any purchase order, ordering document, acknowledgement or confirmation or other document issued by You, even if signed and returned. This License Agreement may only be modified by a License Instrument that accompanies or follows this License Agreement.

17.   **ADDITIONAL TERMS AND CONDITIONS.** Your use of the Licensed Software is subject to the terms and conditions below in addition to those stated above.

17.1   **ADDITIONAL DEFINITIONS.**

"Database Instance" means a complete database environment, which can run simultaneously at any one point in time with other instances of the same database environment on a physical server.

"Device" means a single computer, storage drive or other device (i) on which You can install and use the Licensed Software, (ii) from which You access or use the Licensed Software installed on a network, or (iii) a physical connection point that links together two separate devices.

"IP Address" means a unique network or machine address, such as an internet protocol address that is monitored and/or protected by the Licensed Software but that may not actually be running the Licensed Software itself.

"Managed Database" means a Database Instance that is managed, monitored and/or protected by the Licensed Software but may not actually be running the Licensed Software itself.
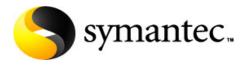

"Managed Device" means a Device that is managed, monitored and/or protected by the Licensed Software but that may not actually be running the Licensed Software itself.

17.2   **ADDITIONAL LICENSE RIGHTS AND RESTRICTIONS**.

17.2A   If You have licensed one of the Symantec products listed below in this Section 17.2A, then You may use the Licensed Software to manage no more than the number of Managed Servers at the Use Levels that have been licensed to You by Symantec under an applicable License Instrument. If the Licensed Software is part of a suite containing multiple Licensed Software titles, the total number of Managed Servers You may manage, with any combination of Licensed Software titles, may not exceed the total number of Managed Servers and Use Levels that have been licensed to You by Symantec under an applicable License Instrument.

1.   Symantec BindView Control for Windows Server

2.   Symantec BindView Control for UNIX Server

3.   Symantec BindView Control for NetWare Server

4.   Symantec Control Compliance Suite Standards Module for Windows Server

5.   Symantec Control Compliance Suite Standards Module for Netware Server

6.   Symantec Control Compliance Suite Standards Module for UNIX Server

17.2B   If You have licensed one of the Symantec products listed below in this Section 17.2B, then You may use the Licensed Software to manage no more than the number of Managed Users at the Use Levels that have been licensed to You by Symantec under an applicable License Instrument. If the Licensed Software is part of a suite containing multiple Licensed Software titles, the total number of Managed Users You may manage, with any combination of Licensed Software titles, may not exceed the total number of Managed Users and Use Levels that have been licensed to You by Symantec under an applicable License Instrument. For the avoidance of doubt, if the License Instrument indicates that You have received a license for the Symantec Control Compliance Suite Standard Module Windows User and/or Symantec Control Compliance Suite Standard Module NetWare User, as identified below, then references to Managed User in this Section 17.2B refers to managed user directory account(s). All other references to Managed User in this Section 17.2B shall have the meaning given in Section 17.1 (Additional Definitions) above.

1.   Symantec BindView Control for Windows User

17.2D   If You have licensed the Symantec BindView Control for Microsoft SQL Server instance or Oracle Database or the Symantec Control Compliance Suite Standards Module for Microsoft SQL Server instance or Oracle Database, You may use the Licensed Software to manage no more than the number of Managed Databases at the Use Levels that have been licensed to You by Symantec under an applicable License Instrument.

17.2E   If You have licensed the Symantec Control Compliance Suite International Organization for Standardization ("CCS ISO") add-on, You may use an unlimited number of the CCS ISO, but solely in conjunction with Your use of the Symantec Control Compliance Suite product. For the avoidance of doubt, Your use of the CCS ISO with the Symantec Control

Compliance Suite product shall not increase the number of licenses for such Symantec Control Compliance Suite product as set forth in the applicable License Instrument.

17.2F   If You have licensed one of the Symantec products listed below in this Section 17.2F, then You may use the Licensed Software to manage no more than the number of Managed Servers, including servers on which a host-based agent is installed at the Use Levels that have been licensed to You by Symantec under an applicable License Instrument. If the Licensed Software is part of a suite containing multiple Licensed Software titles, the total number of Managed Servers You may manage, with any combination of Licensed Software titles, may not exceed the total number of Managed Servers and Use Levels that have been licensed to You by Symantec under applicable License Instrument.

　　　1.   Symantec Control Compliance Suite Standards Module ESM Server Agent

　　　2.   Symantec Control Compliance Suite Standards Module ESM Midrange Agent

　　　3.   Symantec Control Compliance Suite Standard Module ESM Server Manager

17.2G   If You have licensed the Symantec Control Compliance Suite Standards Module ESM Database Instance, You may use the Licensed Software to manage no more than the number of Managed Databases on which a host-based agent is installed at the Use Levels that have been licensed to You by Symantec under an applicable License Instrument.

17.2H   If You have licensed the Symantec Control Compliance Suite Standards Module ESM Desktop Agent, You may use the Licensed Software to manage no more than the number of Managed Devices on which a host-based agent is installed at the Use Levels that have been licensed to You by Symantec under an applicable License Instrument.

17.2J   **Use of the Licensed Software in a Failover Cluster Configuration.**

　　　1. If You are using the Licensed Software to scan servers in a failover cluster configuration, meaning servers that are clustered together to pick up each others' processing if one computer fails, then the following special licensing considerations apply:

　　　　　Failover clustering support can be configured two ways:

　　　　　a.   Active/Active. This option allows all servers in the failover cluster to regularly process information. When a server fails, one server or more takes on the additional workload of the failed server ("Active").

　　　　　b.   Active/Passive. This option is characterized by at least one server in the cluster that does not regularly process information, but waits to pick up the workload when an Active server fails ("Passive").

You must purchase a license at the applicable Use Level for each Active server in a cluster being scanned by the Licensed Software. However, if a server is strictly Passive, and works only when an Active server has failed, no additional licenses are required for that Passive server.

　　　2. In a clustering environment You must have a license for each instance (physical or virtual) of the Licensed Software. An "Instance" of the Licensed Software is created by executing the Licensed Software's setup or install procedure and/or duplicating an existing instance. References to "Licensed Software" in this License Agreement, when used in a clustering environment, includes "instances" of the Licensed Software.

17.2K   **Use of host-based Licensed Software in a Virtual Operating System Instance.** Except for the Excluded Symantec Products (defined below), if the License Instrument indicates that You have received a license for the Licensed Software, then in addition to using the Licensed Software on a physical machine or device You may also use the Licensed Software to scan Virtual Operating System Instances. The number of Virtual Operating System Instances being scanned by the Licensed Software may not exeed the total number of licenses for such Licensed Software as indicated on the applicable License Instrument. For the avoidance of doubt, You are required to purchase a license for the Licensed Software for each Virtual Operating System Instance being scanned by the Licensed Software. For example, if Symantec has licensed the Licensed Software to You on a per server basis, You may use such Licensed Software to scan the physical server as well as to scan Virtual Operating Systems Instances within such physical server so long as You have obtained a license for each physical server and Virtual Operating System Instances being scanned by the Licensed Software. The terms and conditions set forth in this Section 17.2K shall not be applicable to Your use of the Symantec Control Compliance Suite Policy Module or Symantec Control Compliance Suite Response Assessment Module (each an "Excluded Symantec Product" and both as the "Excluded Symantec Products").

17.2L   Your License Instrument will constitute proof of Your right to make and use such copies of the Licensed Software. If no License Instrument accompanies, precedes, or follows this License Agreement, You are not authorized to use the Licensed Software.

17.3   **Privacy; Data Protection**. The Licensed Software may collect personally identifiable information, including but not limited to, IP address, domain name, domain users, user name, login passwords, security logs, server logs, which is stored on Your system only and is not transmitted to Symantec. Please contact Your network administrator for further details.

17.4   As an essential function of the product, the Licensed Software provides Symantec-proprietary content and functionality subject to Symantec's rights as Licensor, including the right to license the Symantec-proprietary content and functionality for a fee, as applicable. As a convenience, the Licensed Software may also provide copies of non-proprietary public record documents with no claim of right and no additional charge by Symantec. Such non-proprietary public record documents are subject to the following disclaimer: All public record documents (i) are offered for informational purposes and should not be construed as legal advice or policy of the document's source, and (ii) may be freely copied provided that all copies provide proper source attribution and are offered free of charge.

17.5   Section 8 (Warranty Disclaimers) of this Licensed Agreement is hereby deleted and replaced in its entirety with the following:

"8. WARRANTY DISCLAIMERS. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE WARRANTIES SET FORTH IN SECTIONS 7.1 AND 7.2 ARE YOUR EXCLUSIVE WARRANTIES AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS. SYMANTEC MAKES NO WARRANTIES OR REPRESENTATIONS THAT THE LICENSED SOFTWARE, CONTENT UPDATES OR UPGRADES WILL MEET YOUR REQUIREMENTS OR THAT OPERATION OR USE OF THE LICENSED SOFTWARE, CONTENT UPDATES, AND UPGRADES WILL BE UNINTERRUPTED OR ERROR-FREE. YOU MAY HAVE OTHER WARRANTY RIGHTS, WHICH MAY VARY FROM STATE TO STATE AND COUNTRY TO COUNTRY. NOTWITHSTANDING ANYTHING TO THE CONTRARY AND IN ADDITION TO THE PRECEDING WARRANTY DISCLAIMERS, SYMANTEC MAKES NO WARRANTIES OR REPRESENTATIONS THAT YOUR USE OF THE LICENSED SOFTWARE, INCLUDING ANY POLICY FILES MADE AVAILABLE TO YOU WILL GUARANTEE YOUR COMPLIANCE WITH ANY REGULATIONS, LAWS, STATUTES OR RULES AND YOU SHALL REMAIN SOLEY RESPONSIBLE FOR COMPLIANCE WITH ANY SUCH LEGAL REQUIREMENTS."

17.6   Symantec and its licensors are the intended beneficiaries under this License Agreement and may protect their rights in their respective portions of the Licensed Software directly against You.

17.7   The License Software is distributed with certain independent code that is licensed under the GNU General Public License ("*GPL*") and/or other open source licenses ("*Open Source Code*"), and Open Source Code is licensed to You in accordance with the applicable open source licenses. You may obtain a copy of the GPL at http://www.gnu.org/licenses/lgpl.html. For a period of three years from the date of Your purchase of the Licensed Software, Symantec will at Your request provide to You a copy of the source code for the code licensed under the GPL, including any modifications made by Symantec. Symantec may charge reasonable shipping and handling charges for such distribution. Please direct requests in writing to: CFO, Symantec Corporation, 20330 Stevens Creek Blvd., Cupertino, California 95014. To the extent that any of the terms and conditions of this License Agreement conflict with any such open source licenses, the conflicting terms and conditions shall not apply to the corresponding Open Source Code.
